

THE HOPE FOUNDATION FOR CANCER RESEARCH

Program Proposals – Funded Examples

SWOG Grant Writing Workshop

A virtual program designed for members of the National Clinical Trials Network who are preparing future grant submissions.

Translational Medicine Mini-Retreat

A SWOG group meeting event featuring short talks on the latest in TM research, as well as round-table discussion.

CRA & Nurse Travel Support Program

An application-based program to support annual travel of up to 20 nurses/CRA's to attend SWOG group meetings.

Immune-Related Adverse Events Symposium

A special symposium featuring presentations on the mechanisms, management, and research gaps in immune-related adverse events due to the rise in use of immunotherapies.

VA Integration Support Program

A competitive grant program providing funding to Veterans Health Administration Medical Centers to significantly improve their participation in oncology clinical trials within the National Clinical Trials Network.
